

TECHNICAL INFO

Plastic Card

Art.: 90.4007.0150

The Plastic Card is part of the Innotec Stone Chip Repair System and the Innotec Stone Chip Repair System - VW (VAS 6083A). This special plastic card is used with an Innotec **Multi Wipe** and the Innotec **Repair Finish** to dampen the **Colour**-filled chip. The card provides a barrier in the cloth, keeping the solvent and the wax in the Repair Finish together. If using a cloth only, the solvent from the Repair Finish would be lost in the cloth. All that would remain at the bottom would be wax, and this would prevent us from obtaining the best effect.

EAN Code: 5400563034170

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
