

TECHNICAL INFO

Aquatec 500

Art.: 04.1705.9999

Container

Aquatec 500 is a durable synthetic cloth with a unique pyramid structure for very quick and effective absorption and retention of moisture without leaving any residue. The end result is a perfectly shining surface without streaks.

Base:	Synthetic leather
Density:	218 g/m ²
Water absorption:	665 %
Dimensions:	45 cm x 33 cm
Application method:	Remove packaging; the cloth is immediately ready for use. Now wipe the surface to be dried with the cloth. Because of its high absorptive power, the cloth will allow you to rub dry almost any surface in no time and without leaving any streaks.
Shelf life:	5 years in original, unopened packaging
Storage conditions:	After use, keep damp in the container
Other details:	Wash out with pure water, without adding soap to it. The material does not leave any residue.
EAN Code:	5400563022795

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. Only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.

If the product should not meet the quality requirements, we will only reimburse up to a maximum of the purchase price of the product. We accept no responsibility whatsoever and shall under no circumstances be liable for damage or consequential loss arising from the use of the product.

For information concerning safe use and storage, please refer to the safety data sheet of the product concerned.
